

Consistent Software Removal Form

To move certain Consistent software between servers, locations, platforms or PC's, you will need to obtain a new authorization code when reinstalling the Consistent software. Before issuing the new code, we request that you remove entirely the Consistent software from the system in use. This letter does not constitute a modification to your license agreement, which remains in effect with respect to the Consistent software, subject to receipt of a new authorization code. Please fill in the form below and send to: **RasterTech Benelux, fax +31 (0)30 284 80 89**
